

THE OBIC SEAGULLS

April, 2014

INTRODUCTION

- We are an American Football club team based in the city of Narashino in the prefecture of Chiba. Located just 15 miles directly east of Tokyo.
- We were founded as a corporate team, but for the past 10 years we have operated as a club team.
- In an effort to develop the sport of American Football in Japan, we involve ourselves in various activities on and off the field. The goal of these activities are to grow the sport into a major and successful sport in the likes of baseball and soccer.

HISTORY

- 1983, Team founded and administered as a corporate team within the company Recruit Co., Ltd.
- 1988, The team became a priority club within Recruit Co., Ltd. Formally became a member of the football federation.
- 1996, Won first league and national title.
- 1998, National Champion.
- 1999, Following an economic downturn, the team transitioned from a corporate team under Recruit Co., Ltd., to a club team.
- 2002, Became a self-supporting club team.
- 2003, Obic Co., Ltd., became the official main sponsor and the team officially became the "Obic Seagulls."
- 1996, 1998, 2005, 2010, 2011, 2012, 2013 National Champions. The most titles held by a Japanese organization.
- 2012, Went on record as being the first club team in Japan (Amongst currently registered X league teams) to play in an international exhibition game (Germany/Dresden Monarchs). (General information about the game and summary included in this presentation).
- 2013, Played in an international exhibition game in Dusseldorf, Germany vs. the Dusseldorf Panthers. Became the first Japanese team to win four consecutive national championships.

FIRST EXPERIENCE ABROAD

INTERNATIONAL CHALLENGE BOWL 2012

@ DRESDEN, GERMANY

▪ Winning the championship for the third straight time was the goal that we set for ourselves as a team at the outset of the season. For the second game of the Spring season we did something that no other club or corporate team in Japan has done. We became the first team to play against an international opponent overseas. We felt that such a game would be a great experience and challenge for our team. An experience and challenge that if handled properly would make us stronger as a team and ready to face all challengers back home in Japan.

INTERNATIONAL CHALLENGE BOWL 2012 @ DRESDEN, GERMANY

QB Shun Sugawara threw for 204 Yards and two touchdowns to help his Obic Seagulls to a 29-17 win against the Dresden Monarchs from Germany's top league, the GFL. In front of 5.900 fans at Dresden's Glücksgas Stadium Sugawara finished the Seagulls' first possession (10 plays, 66 yards) with a 5-yard pass to WR Ryoma Hagiya for a 7-0 lead and threw a 33-yard strike to WR Kentaro Mori for a 17-3 lead on the Seagulls' third possession - a one-play drive that followed a fumble by Monarchs RB Larry Croom when he was brought down seven yards behind the line of scrimmage. The Seagulls scored on all four possessions of the first half. K Yosuke Kaneoya kicked two 25-yard field goals and the Japanese champion took a 20-3 lead into halftime. K Jan Hilgenfeldt scored the only points in the first half for the Monarchs on a 48-yard field goal on the first play of the second quarter.

The home team made the game more interesting in the second half. On the second play of the third quarter DB Ladislav Jensik intercepted a deep pass to the left side by Sugawara at the Monarchs 37-yard line. The only mistake by Obic's offense was followed by an impressive six-minute drive (13 plays, 63 yards) and a 1-yard touchdown run by Warren Smith to cut the deficit to 20-10. And following a 41-yard field goal by Kaneoya on the Seagulls' ensuing possession the Monarchs went 75 yards in six plays and Smith threw a 2-yard touchdown pass to WR Radko Zoller on the first play of the fourth quarter to bring the Monarchs within six points (23-17).

The Seagulls, though, never got in danger to lose the game. After the two teams traded punts the Seagulls took over at the Monarchs 44-yard line and six plays later QB Manabu Tatsumura threw a 6-yard touchdown pass over the middle to WR Ken Shimizu for a 29-17 lead with just over five minutes left to play. A Tatsumura pass for a potential two-point conversion failed. The Monarchs got the ball back twice in the final minutes but first had to punt after five plays and later reached the 36-yard line of the Seagulls before time ran out.

ALL-TIME RESULTS

- In 26 seasons / 180 total games(including league, playoff and bowl games): 144 wins / 33 loses / 3 draws
- X League championships (Japan X Bowl): 8 titles
*(the most titles by any one team)
- Japan national championships (Rice Bowl): 7 titles
*(the most titles by any one team)

ORGANIZATIONAL MAKE-UP

- The club team “Obic Seagulls” is administered by OFC Co., Ltd. (Obic Football Club)
- The organization consists of 62 players, 13 coaches, 10 staffers, and 16 cheerleaders.
- The players(Japanese and American alike)work during the week and come together on weekends at our facility in Narashino, Chiba to practice.
- The team’s main sponsor is Obic Co., Ltd. Along with Obic Co., Ltd., there are a number of sub-sponsors and contributors that support the organization.

AMERICAN FOOTBALL IN JAPAN

- American football in Japan has a 79 year long history. The first game was held in 1934.
- The college league is divided into 8 regions and consists of 220 teams.
- American football on the high school level is divided into two regions(Kanto / Kansai) and the total number of teams nationwide are 114. Middle school competitions are also divided between these two regions, but only 30 teams currently compete.
- The X league is the top league/level of football in Japan. It is a 4 division league that consists of 61 total teams.

THE X LEAGUE

The X League is an amateur American football league in Japan. It was founded in 1996, and the four tier league(X1, X2, X3, and X4) are divided into three divisions(East, West, and Central). The X League is made up of two types of teams. Company teams are teams in which only employees of the sponsoring company are allowed to participate as players. Club teams have no such stipulations and are therefore fielded by players from different occupational backgrounds.

Game rules are based on, and mirror those of the NCAA in the United States. The only major difference is the game length. The X League has opted to go with 12 minute quarters for the majority of its games as opposed to the traditional 15 minute quarters played at the American collegiate level. The regular season consists of three stages(1st stage, 2nd stage, final stage) in which all 18 teams in the top division vie for the X League title which is decided in the Japan X Bowl(X League championship game). The regular season usually starts the last week of August and ends with the national championship game(Rice Bowl)) on January 3rd.

THE X LEAGUE(CONT.)

There are also two Spring tournaments(Pearl Bowl tournament, Green Bowl tournament) which are used by teams to ready themselves and evaluate new players before the start of the Fall season. The Spring season usually begins the last week of April and runs through the last week of June.

Foreigners(Namely Americans) are often recruited to play for X League. There are strict rules in place regarding foreign player participation. The maximum number of foreigners on a single roster is limited to 4 players. Also, No more than 2 foreign players are allowed on the field of play per team. Lastly, foreign / with prior professional experience are disqualified from competing in the X League.

JAPAN ON THE WORLD STAGE

- 1998, The international body IFAF(International Federation of American Football) was established
- 1999, The first ever World Championship of American Football(also known as the IFAF World Cup) was held in Italy. National teams from 6 countries participated. Japan placed 1st, and Mexico finished as the runner-up.
- 2003, The second IFAF World Cup was held in Germany. National teams from 4 countries participated. Once again, Japan placed 1st and Mexico finished in 2nd.
- 2007, The third IFAF World Cup was held in Japan. National teams from 6 countries participated. Japan placed 2nd behind the United States which won the tournament in it's 1st appearance.
- 2011, The fourth IFAF World Cup was held in Austria. National Teams from 8 countries participated. Japan finished 3rd behind Canada(2nd) and the United States which won its second consecutive tournament.

JAPAN ON THE WORLD STAGE

- United States: NFL, NCAA, Both the level of play and scale of business operations are the best in the world.
 - A Japanese player has yet to play in the NFL.
 - Indoor football is also a vibrant sport in the U.S.
- Canada: CFL, University, The foremost level of play outside of the United States.
- Europe: NFL Europe(1995 ~ 2006), Many Japanese players participated. It was considered to be a big stage. Many players had opportunities to showcase their skills for international audiences.

- There are currently four Americans on the roster of the Obic Seagulls. After graduating from college, Kevin, Frank, Byron, and Kai decided to go east to Japan. All three have found Japan to be a second home, and the Obic Seagulls to be their family away from home. X-League regulations require that all athletes work. Not only have Kevin, Frank, Byron, and Kai been key to Obic's on-field success, they have all flourished away from the field in the Japanese corporate world. They are making the most of their opportunities, and are serving as great ambassadors of our sport, team, and home country of the United States.

NARASHINO, CHIBA

- 2008, We began a hometown outreach program. (The goal of the program was to spread awareness of our team and activities throughout the community)
- Held games at Chiba Marine Stadium(QVC Marine Field in 2009, 2010, 2011, 2012), and Akitsu Soccer Stadium(2013).
- Flag Football classes and events directed towards the city's youth.
- Participation in city festivals and events.
- Recipients of the 2013 Narashino city 'Honorable Citizens Award'.

BE AN ALT IN THE CITY OF NARASHINO

- The city of Narashino is currently looking for ALT's for schools throughout the city.
- The term ALT primarily refers to English language speakers who assist with the teaching of English in elementary, junior high and high schools. ALTs are required to be college graduates, but they are usually not certified teachers like their Japanese colleagues.
- Teaching abroad is a great opportunity to see the world and experience new cultures. To have the chance to live and work overseas is an opportunity that should not be missed. Japan is a safe, fun and rewarding choice of places to go. The experience, friendships formed and culture one will learn are all memories that will be held dear for life.
- Kevin Jackson worked as an ALT for the 05'/06' school year.

THE ROAD AHEAD

- We would like to increase the number of people that love to watch and enjoy the sport of American Football here in Japan.
- We would also like to introduce the very engaging and attractive world of sports and all of its benefits to as many people as possible. To that end we would like to partner with other sports and organizations to create a community where such education can be made possible.
- Eventually we would like to raise and send out players from the city of Narashino/prefecture of Chiba that are able to compete in the NFL.
